

# Save BIG with

# Easy-Connect

Mating connector is optional

## 30 Seconds or 30 Minutes?

What's your preference? In any operation, downtime due to installation, repair, or malfunction can be costly, so why spend 30 minutes two or three garmotors when you can spend less than 30 seconds on each?

### Why You Need The Easy-Connect:

- With our simple plug-and-play connector, your team can return to the processes that make you money.
- On average, downtime can cost an operation \$30,000 to \$50,000 **PER HOUR**.
- Easy-Connect eliminates the potential of incorrect wiring, and the time it would take to correct it.

**Add Easy-Connect to your drive package on your next order to make startup a cakewalk. The instructions are simple--plug it in. That's it!**

With Easy-Connect, powering up your Sumitomo Drive Technologies' products has never been easier.

### Power Range/Specification

Easy-Connect fits any 1/8 HP to 7.5 HP gearmotor.

### Connector Type

Sumitomo Drive Technologies' Easy-Connect uses proven Harting plug connectors and is both UL and CSA approved. Other connector types and power ratings are available upon request.

### Available Configurations

Easy-Connect is suitable for any gearmotor that operates:

- with and without a brake
- with standard or fast brake action
- with and without a Variable Frequency Drive.

**The fastest way to connect with your investment.**

**It's easy!**
